ENGINEERED FEATURES YOU CAN EXPECT

- **Fusion Welded 3-1/4 Deep Frame and Standard Size Sash:**
The utmost in strength and integrity
- **Contour Exterior:**
Offers a more traditional wood window exterior appearance.
- **5° Positive Sloped Sill:**
Provides water runoff, even in driving rain.
- **Deeply Pocketed Head:**
With weather stripping to resist air infiltration.
- **Heavy Walled Construction:**
For increased strength and stability.
- **Constant Force Balance System:**
Trouble free, maintenance free. Provides smooth operation
- **New soft curved sash design:**
Looks more like traditional wood window sash.
- **Attractive Integral Lift rail:**
Provides easy sash operation.
- **Dual Tilt In Sashes:**
Both sashes tilt in for easy cleaning.
- **Recessed-in Tilt Latches:**
Color matched low profile latches for a neat appearance.
- **3/4" Insulating Glass system:**
For maximum regional thermal efficiency.
- **Warm Edge Technology:**
Non-Conductive spacer provides barrier to heat transfer in insulating glass unit.
- **Die Cast Cam Lock and Keeper:**
Cam action actually draws sash closer together for positive lock.
- **Night Vent Latch:**
Allows for ventilation with security

Limited Lifetime Warranty **

Efficiently Beautiful

The Harmony 100 Series double hung window is designed to enhance your home's appearance while increasing its comfort level. The contour look of the welded master frame offers a more traditional wood window exterior appearance.

1 The low profile sloped sill maximizes rain runoff. The new soft curved welded sash design provides a classic **2** "wood like" interior appearance while

allowing maximum glass viewing. The engineered channels allow for dual layers of weather stripping to minimize air infiltration. Efficient "Warm Edge" insulated glass maximizes energy performance and minimizes unwanted sound transmission, reducing not only heating and cooling bills, but also outside noise. And finally add the natural beauty of the maintenance free finish of 100% vinyl, which retains its sheen year after year.

Solid Vinyl Colors

Crème White

Optional Tan

THE HARMONY SERIES... A STATEMENT OF BEAUTY

Double-Hung and Transom Windows

Bring added height and light to any room setting

Slider Windows

A great choice when space is at a premium

Custom Choices

Choose from a variety of styles that will add brightness and beauty to your home. Add side lights, custom transoms and decorative grids to express your unique taste and your home's architectural style.

- Each window is custom made to fit specific window openings and decors.

2 Lite & 3 Lite Sliders

- Sashes lift out for easy cleaning. But for added security, only lift out from the inside.
- Heavy duty tandem brass rollers allow for easy operation.
- Independent weep holes for excellent drainage.
- Sashes have equal-size glass for an appealing appearance. (2 lite only)

2 & 3 Lite Sliders

Create a custom look for a special room

Combination Windows

Dramatically emphasize the living space

Screen

- Aluminum Half Screen is standard
- Full Screen is optional
All full screens are FlexScreen technology a high performance spring steel frame that is captured in the screen track and can easily be removed from inside the home.

Sliding Patio Door

Create light and inspirational views in your living space

Picture Window Walls

Offers maximum viewing area and opens the room to the outside beauty

FLXSCREEN

HARMONY SERIES... SETTING THE STANDARD IN WINDOWS

UltraFlect... the top performing dual Low-E glass option

Unlike traditional LowE glass, that has 1 coating on 1 glass surface, UltraFlect uses an unparalleled combination of 2 different High Tech reflective coatings with one coating on each piece of glass. UltraFlect represents the most dramatic advance in window glass technology in more than 10 years. Only UltraFlect breakthrough technology provides the R-5 performance of triple pane glass with the durability and appearance of dual pane glass.

UltraFlect Achieving An R-Value of 5.00

Only UltraFlect combines proven technologies in high tech glass coatings, spacer systems, and gas filling to produce the most thermally efficient heat reflective and durable insulated glass package:

3 layers of Silver Oxide (11 total layers) Protected inside the dry air space. Specially formulated and positioned to best reflect suns rays outside.

1 ceramic layer of Tin Oxide permanently bonded into the glass surface. Specially formulated and positioned to best reflect heat energy from your furnace inside.

Argon Gas fill provides an insulation barrier.

Duralite® warm edge spacer system seals glass unit and insulates the edge.

Keeps Summer Heat Outside

Keeps Winter Heat Inside

FURNACE

Superior Energy Savings Performance With 3 Low E Glass Packages*

UltraFlect	Low-E ² Glass	Low-E ³ Glass
U-Factor .24	U-Factor .28	U-Factor .28
Solar Heat Gain Coefficient .20	Solar Heat Gain Coefficient .28	Solar Heat Gain Coefficient .22
Visible Transmittance .45	Visible Transmittance .52	Visible Transmittance .49
Air Leakage < 0.3	Air Leakage < 0.3	Air Leakage < 0.3

Optional UltraFlect exceeds all ENERGY STAR qualifications, including the new standards that went into effect January 2010, and is eligible for a federal tax credit under Section 25C

Comfort

Choosing windows for your home requires consideration of the light and ventilation desired; both the interior and exterior appearance; the ease with which you can maintain, clean and use everyday; plus their energy performance and sound protection. The 100 Series Harmony Window can satisfy all of these requirements but, most of all our windows are designed and built to enhance the comfort and value that you associate with your home.
